

# MINES, MINING and the MARKETS

## NATIONAL MINING \$250,000 BOND ISSUE

**MONEY WILL BE USED TO SINK NEW SHAFT ON IRON CAP AND CONTINUE DEVELOPMENT AT THE FUMAROLE.**

The National Mining Exploration company contemplates the issuing of \$250,000 ten-year 6 per cent bonds, convertible into stock at \$1 per share at any time within two years, says the Boston Financial News. The company reserves the right to call the bonds at 105 per cent on sixty days' notice. The company has no floating debt and the entire amount will be available for the company's plans for the future. The directors are considering the advisability of changing the par value of the stock, which is now \$1 per share. The authorized capital is 1,500,000 shares, of which 800,000 are now outstanding.

The sale of the bonds will avert any necessity for the issuing of more stock except that called for by the conversion of the bonds. The money received from the sale of the bonds will be used to sink a new shaft at the Iron Cap property at Globe, and continue the shaft at the Fumarole property at Safford. It is likely also that a cyanide plant will be erected at the latter property as the company already has a large ore body blocked out which could be cyanidated at a profit of at least \$3 per ton.

The company expects to be sinking the shaft from the 500-foot level within a few days, the pump, air compressor and other necessary machinery now being on the ground and the station cut. Should the ore change with depth so as to become a smelting proposition, it would not affect the plan for a cyaniding plant, as the supply of this kind of ore is so large that the plant would continue in operation practically in-

definitely, even after the company was shipping higher grade ore to a smelter. The recent developments at the Iron Cap have satisfied the management that a new shaft should be sunk, which would furnish better shipping facilities as well as a more favorable starting point for the further development of the vein and exploitation of the whole property. The Fumarole is so situated that shipments could be made to the El Paso smelter advantageously and with the Old Dominion and Arizona Commercial smelters at Globe, the company is well provided for there. It is thought that without smelters to be taken into account the proceeds of the bonds will provide for the cost of the work mapped out and leave the company ample working capital.

### LOCAL SECURITIES ON BOSTON BOARD

The temporary 6 per cent convertible gold bonds of the Arizona Commercial Copper company, amounting to \$500,000, due September 1, 1918, have been admitted for quotation on the unlisted sheet of the Boston stock exchange. The temporary bonds are issued in denominations of \$500, and will be exchanged for engraved coupon bonds as soon as the same are prepared.

The governing committee has fixed the commission on Miami Copper company rights at three cents; floor commission one cent.

**GAMBLING**  
Your life against 25 cents is just exactly what you are doing if you neglect a cough or cold on the chest instead of treating it with Ballard's Horehound Syrup. A 25-cent bottle of this splendid remedy will cure an ordinary cough, heal the lungs and act as a tonic for your entire system. Sold by Palace Pharmacy.

**Follow the Crowd.**  
A great show at the Iris.

**In Regards**  
To making meats, you can't mature it until you have a chill room at the slaughter house.

## OLD DOMINION'S BETTER SHOWING

**NOW PRODUCING COPPER AT BETTER THAN 11 CENTS—NET PROFITS FOR AUGUST OVER \$80,000—DIVIDEND THIS YEAR.**

For the month of August the Old Dominion company produced in excess of 3,500,000 pounds of copper at a cost of about 10 1/2 cents a pound, sold, deriving net profits for the month of between \$80,000 and \$90,000. It received five-eighths of a cent more for its copper in August than in July.

In July the company earned about \$50,000 net, receiving 12 1/2 cents for its copper, but for that month it had an output of but \$3,298,000 pounds.

In June it earned \$60,000 net, receiving 12 1/2 cents for its copper upon a production of 3,600,000 pounds. The average grade of the ore now being treated by the Old Dominion company ranges from 4.7 to 5.1 per cent, which is about the average grade of ore treated for the twelve months of 1917.

The United Globe end of the Old Dominion property is not showing much in the way of profits at present, as the development of that property has been neglected and now all the net profits are going back into development.

There is every reason to anticipate that the Old Dominion company will be able to disburse a dividend to its stockholders before the close of this year. The company has a small floating debt of a couple of hundred thousand dollars, but it has a balance of assets between \$700,000 and \$800,000 after providing for this floating debt.—Boston News Bureau.

**THE CITIZEN'S BANK OF GLOBE DOES A GENERAL BANKING BUSINESS AND SOLICITS YOUR ACCOUNT.—S. F. SULLENBERGER, PRES.**

When the Stomach, Heart or Kidney nerves get weak then these organs all ways fail. Don't drug the stomach nor stimulate the heart or kidneys. That is simply a makeshift. Get a prescription known to druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Sold by Palace and Globe Pharmacies.

### SHANNON SHOWS INCREASED OUTPUT

The Shannon Copper company for August broke all previous records with an output of 1,644,000 pounds of copper.

Production for August and total eight months of the year compare with last year as follows (in pounds):

	1908	1907
August	1,644,000	1,190,000
Eight months	12,020,000	9,374,000

The Shannon is now operating two of its three furnaces and will probably exceed the August production in September.

### IMPERIAL COPPER COMPANY MAKES GOOD SHOWING

The Imperial Copper company turned out from its new smelter in the month of August about 700,000 pounds of copper, which will be refined and later marketed by the American Metal company. The July production was between 600,000 and 700,000 pounds.

On the 15th of this month the management expects to place in commission the second unit of its smelter, which should permit of an output each month of 1,200,000 to 1,400,000 pounds of copper.

### CALUMET & ARIZONA OUTPUT FOR AUGUST

Estimated production of Calumet & Arizona and Superior & Pittsburg mines combined, in tons of blister copper, compares as follows:

	1908	1907
First eight months	16,038	13,481
August	2,033	1,776

DeWitt's Little Early Risers are small pills, easy to take, gentle and sure. Sold by Hanna's Drug Store, 228 Broad street.

Canvas awnings—Globe Paint Co.

### BEST TREATMENT FOR A BURN

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost immediately, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price 25 cents. For sale by all druggists.

### COFFEE

Five degrees of excellence: ★ good; ★★ better; ★★★ fine; ★★★★ finer; ★★★★★ finest: all Schilling's Best.

Your grocer returns your money if you don't like it; we pay him.

### UNITED VERDE OUTPUT FOR AUGUST NORMAL

During the month of August the United Verde Copper company produced approximately 3,250,000 pounds of copper. This compares with 1,800,000 pounds in July.

For a short period in July, as is always the case for this month with the United Verde company, the smelter was blown out for repairs and necessary changes. It was this annual idleness of about ten days which lowered the monthly output of the company from about 3,000,000 pounds to under 2,000,000 pounds.

The August product was about normal, or at the rate of about 36,000 pounds of copper a year.

Of the company's \$3,000,000 capital, Ex-Senator W. A. Clark is generally credited with owning about 90 per cent, or about 270,000 shares. The company has been distributing 75 cents a share in dividends, and from this source alone Senator Clark realizes more than \$200,000 each month.

A year's payment of dividends by the United Verde company at the rate of 75 cents monthly would amount equal the entire capital stock of \$3,000,000.

Kodol will, in a very short time, enable the stomach to do the work it should do, and the work it should do to digest all the food you eat. When the stomach can't do it, Kodol does it for it and in the meantime the stomach is getting stronger and able to take up its regular, natural work again. Kodol digests all you eat. It makes the stomach sweet and it is pleasant to take. It is sold here by Hanna's Drug Store, 228 Broad street.

### PUBLIC NOTICE

The undersigned have purchased the Pioneer saloon and the accounts due the firm as well as the accounts against the firm of Wuichich & Price will be taken over by the undersigned. Mike Price and all others have no authority to collect any accounts of the Pioneer saloon. Payments must be made only to the undersigned.

E. A. PAVLOVICH,  
S. D. WUICHICH.

Many people suffer a great deal from kidney and bladder troubles. During the past few years much of this complaint has been made unnecessary by the use of DeWitt's Kidney and Bladder Pills. They are antiseptic and are highly recommended for weak back, backache, rheumatic pains, inflammation of the bladder and all other annoyances due to weak kidneys. They are sold by Hanna's Drug Store, 228 Broad street.

## AMUSEMENTS

Earl Burgess Company at Dreamland.

Last night the Earl Burgess company repeated that oriental success, "The King of the Desert." Miss Rothe, Mr. Lytton, Mr. Miller and Miss Broadbridge repeated their splendid performances, and the play went with the same dash and spirit as before.

Tonight the company will present "A Royal Prisoner," a beautiful romantic drama with Miss Broadbridge in the role of the Russian Empress. It is one of the strongest plays in the company's list and the production is especially beautiful from the scenic standpoint.

Wednesday night the attraction will be J. M. Barrie's charming play, "The Little Minister," the same version that brought fame to Miss Maude Adams. Miss Rothe will be seen as Lady Babbie and Mr. Percival will play the title role. No more fascinating play has ever graced the American stage. The prices have been lowered for this last week of the engagement and are now 25, 35 and 50 cents. At Saturday's matinee there will be special souvenirs for all ladies attending.

A novel production of the sensational melodrama, "Queen of the Highbinders," will be given during the latter part of the week.

### At the Iris.

Change night at the Iris, last night, and the house was packed with an appreciative and delighted audience. A great sensational picture opening the bill was watched with keen interest, and the three comics that followed kept the big crowd continuously convulsed with laughter, which was accentuated by a comic song rendered in capital style by Billy Cummings, who was found right in his element as a laugh maker.

### GOOD FOR BILIOUSNESS

"I took two of Chamberlain's Stomach and Liver Tablets last night, and I feel 50 per cent better than I have for weeks," says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for biliousness." For sale by all druggists. Samples free.

Canvas awnings—Globe Paint Co.

August time tells on the nerves. But that spiritless, no ambition feeling can be easily and quickly altered by taking what is known by druggists everywhere as Dr. Shoop's Restorative. Within forty-eight hours after beginning to use the Restorative, improvements will be noticed. Of course, full health will not immediately return. The gain, however, will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the "inside nerves" then the stomach, heart and kidneys will usually fail. Strengthen these failing nerves with Dr. Shoop's Restorative and see how quickly health will be yours again. Sold by Palace and Globe Pharmacies.
